Peter Davies Memorial Bench

A replacement bench in memory of the late Peter Davies is now in place near the Buckland Road entrance to the playing field.

The bench has been funded by donations from the family, the Parish Council and the Charney Hall & Field Trust.

A big thank you to everyone who came along to the pancake morning at the beginning of March, and to the Greenacres for hosting the event. We had a very tasty morning and raised £197 for St Peter's Church.

Thank you again!

What's New on the History Website

Shelley Hughes from Newberg, Oregon wrote via the History Website:

'I recently discovered your wonderful website on the History of Charney Bassett. My grandmother, Olive Dora Belcher, spent her early years in the village. Her father, Frank Belcher purchased a farm in Charney in about 1913. 'My grandmother always referred to it as the manor farmhouse. The family lived in Charney for about ten years before moving to Great Coxwell. My Grandmother had many fond memories of her time in the village; her grandparents, Elizabeth and Thomas Belcher and uncle Stanley Arthur Belcher are buried at St. Peter's Church.'

Shelley has sent The History Group some fabulous photos and articles and you can see these on the website. If anyone has more information about the Belchers please let us know and we will pass it on.

Other new links on the History Website

- [Belchers at Manor Farm and elsewhere in the village 1913-1923](#)
- [Then and now photos added](#)

The History Group was also contacted by a **descendant of the Fullers** who used to live in the Village. We have supplied some information but they would particularly like to hear if there is anyone in the village related to them or who remembers them.

The Fullers in the eighteenth century were a very prominent part of the Village and the surrounding area, and were a large family occupying a large part of Charney Village, working locally and at Pusey House mostly on the land for local farmers. Two names are also on the WW1 memorial list in Pusey Church.

Tales of Old

(adapted extract taken from the book 'The Length of the Road' by Maud Ody)

'Now when Alfred first came to the village he was what you would term a casual. That is someone doing seasonal work on the farms. He was a tall thin man with a backward tilt and a wide brimmed hat. When he first came round here he had a moustache but after a while a long flowing beard. At first he would leave the area when the work was finished but as time passed he no longer did any work and made his home in the blackthorn shrubs opposite High Dams shed.

Whenever we met him we'd say "Tell us a tale Alfred" and he would tell us a yarn in a slow drawling voice. He called himself Alfred the Great. His birthday he said was in the year of the siege of Paris when the people who were starving ate dead cats and rats. Well that's what he told us. He used to smoke a stumpy clay pipe so somehow he got tobacco and you could see him in the bushes puffing away. In the winter he slept in High Dams shed – in summer the bushes.

He lived there for many years but became more and more a recluse. As he was getting older he started sleeping in the hay barn at Goosey Wick where he was found ill and taken away by the police to Wantage workhouse (The Spike). He only lived for a few days. Rumour was they **gave him a bath and he never recovered**. Well that's one version.'

- 36 drivers were killed in the last six years as a result of not wearing a seat belt
- 880 drivers were prosecuted for not wearing a seat belt

and if you are transporting a child make sure the seat is properly fitted and worn correctlyand in accordance with the instructions.

If you want to keep up to date with local activities and incidents in the area then sign up to [Thames Valley Alert](#).

Charney Hall & Field Trust (CHAFT) Annual Safety Inspection of the Playing Field

In order to comply with legal and insurance requirements, the Management Committee is obliged to arrange for an annual risk assessment to be undertaken.

The results of a recent inspection in February 2019 by specialists, 'The Play Inspection Company', are [available](#).

The Management Committee will address the issues raised in the report at its April meeting. In addition to the yearly risk assessment, weekly checks are undertaken by CHAFT safety officers.

From the Parish Council Meeting

Village Entrance Gates

An application has been made to the County Councillor's Priority Fund for a grant towards the cost of the installation of white gates at three of the four entrance points to the Village. If a favourable response is received from the County Council the project should go ahead sometime this year.

Consideration of the installation at the Buckland Road entrance has been deferred whilst further information is sought on the possibility of moving the 30 mph sign further out from the Village.

Village Map

The installation of a Village map has been given the go ahead. The map has been financed by donations from the County Councillor's Priority Fund, Charney & Lyford Educational Trust, S. Wright, The Chequers Inn and the Parish Council.

The map will be installed on the land opposite Ock Green. Thanks go to Ruth Gerring for the design and to the History sub group (Ruth, Amanda Graham and Steph Wright for their advice and guidance).

Road Maintenance and Pot Holes

Residents are reminded they can report pot holes on the [Fix My Street website](#).

The County Council is considering a new initiative whereby a trained village champion(s) would be able to order repair and maintenance work direct from approved contractors, cutting out some bureaucracy. The Parish Council has asked to be kept informed.

Planning Matters

The Parish Council has provided some information on planning matters, including its approach to dealing with applications, available on the [Charney website](#).

The Parish Council has decided to back objections raised by the CPRE to the way that growth is being promoted in the Oxfordshire Plan 2050. Anyone considering doing the same can read about the CPRE's points [on line](#).

In its comments, the CPRE is helpfully backing concerns already raised by the Parish Council to the lack of money being made available to rural communities like ours from the Community Infrastructure Levy.

Parish Council Elections

The Parish Council is elected every four years and nominations for the five positions can be submitted between 26th March and 3rd April (see information on Parish Noticeboard and on the [District Council website](#)).

Anyone who wants to know more can speak to the current Chairman (David Roberts 868285) or the Parish Clerk (Trevor Brown 868282).

The full minutes of the meeting are available on the [Charney website](#).

New Magazine 'Village Voices' To Replace 'Seven Voices'

As explained in its last edition ([see page 7](#)), Seven Voices will no longer be published in its current form. A determined attempt led by Longworth residents Lesley Kinch and Karen Coleman is being made to fill the gap with a new community magazine, 'Village Voices'. This will go to all seven villages as before. An Editor and Advertising Manager are urgently required.

Neither of these posts would take longer than a day a month. There is training available from a previous Editor and Advertiser.

If you would like more information please ring Lesley on 01865 820237 or Karen on 01865 821795, who would be delighted to hear from you.

You would not be expected to provide articles yourself (unless you wanted to). The intention is for all the articles and news to be received from others and then assembled into a magazine. Lots of assistance available. Please help.

The deadline for contributions to the first issue is 10th April to villagevoicesmag@gmail.com.
